

FOR USE UPON RECEIPT — 2011

Like Upbeat Music To Your Ears, The New Ringo Pendant From JESCO Lighting Appeals To Any Age Category

New Product Introduction: **Ringo** — a strikingly colorful collection of original contemporary-design, hand-blown, hand-colored and formed Quick-Adapt glass pendant cylinders, encircled with playful candy-colored stripes.

Design: Award-winning industrial and lighting designer Orfeo Quagliata, in conjunction with the JESCO In-House Lighting Design and Engineering Team.

Manufacturer: JESCO Lighting Group

Product Applications: **Ringo** pendant lights provide combination nonglare ambient direct downward and diffused accent outward illumination, within memorable eye-catching designs. Each model works across a broad range of decorative interior applications. They adapt quickly to popular JESCO Monorail low-voltage track lighting, single-rail straight or bendable, “T-“ or “X-“shapes, or to in-ceiling canopies.

Typical installations include building lobbies, reception rooms, corridors, conference and meeting spaces; corporate dining rooms and executive suites; healthcare waiting rooms and offices; hospitality venues; upscale retail; and fine residential interiors.

Product Description: **Ringo** pendants are characterized by *individually* hand-blown, hand-colored and formed translucent glass lighting designs, with aesthetical continuity. The curved and smooth-edged cylindrical glass shades fill with diffused light

JESCO Debuts The Ringo Pendant Collection . . . page 2

and radiate it with a subtle, colored iridescence. Polished metal track or ceiling suspension rods or matching domed canopies on the ceiling, contribute to an overall refined aesthetic.

Ringo pendants employ a single energy-efficient, long-life xenon-gas low-voltage bi-pin 35-watt lamp, for lighting continuity.

Construction & Finishes: **Ringo** pendants are constructed of hand-blown, formed and colored glass shades, with aluminum fittings in satin nickel or chrome finishes. The model is UL and CUL listed. **Ringo** is offered in amber, black, blue, organic, purple and white.
