

FOR USE UPON RECEIPT — 2018

JESCO Introduces Edge-Lit Square and Round Recessed Dome Downlights Designed to Emit A Soft Glow

New Product Introduction: RLH-4508 (4" round), **RLH-4708** (4" square), **RLH-6014** (6" round), **RLH-6114** (6" square) **Edge-Lit LED Recessed Dome Downlights** – designed, so the concealed light bounces off the inside of the dome to create a soft glow. Remodel, and new construction versions are available.

Design: JESCO Lighting Group In-House Product Design and Engineering Team.

Manufacturer: JESCO Lighting Group, an American company, founded in 1998.

Product Applications: **Edge-Lit LED Recessed Dome Downlights** are suitable for any residential or light commercial application where high-performance, energy-saving lighting solutions are sought. Users will benefit from fully-dimmable, pure-white lighting; and from significant long-term energy, maintenance and replacement cost savings.

Product Description: JESCO **Edge-Lit LED Recessed Dome Downlights** are designed to produce a soft glow, rather than stark, direct lighting. The

JESCO Debuts Edge-Lit LED Recessed Dome Downlights . . . page 2

concealed light source bounces light off the inside of the dome producing diffused, yet functional light.

Encompassing a minimalist design **Edge-Lit LED Recessed Dome Downlights** complement residential and light commercial interiors — virtually disappearing into the surroundings. Measuring one and a half inches high, and IC rated, **Edge-Lit Recessed Dome Lights** can be installed wherever space is at a premium.

Construction & Finishes: **Edge-Lit LED Recessed Dome Downlights** are constructed from die-cast aluminum. The **RLH-4708** (4" square) and **RLH-4508** (4" round) models, use 8-watt LEDs that produce 480 to 580 lumens, and 60 to 68 lumens per watt respectively. While **RLH-6114** (6" square) and **RLH-6014** (6" round) models produce 670 to 720 lumens, and 48 to 51 lumens per watt respectively.

LEDs may be specified in 2700K, 3000K, or 4000K CCT with a 90 CRI to meet a wide range of indoor dry/damp illumination requirements. All models have a beam angle of 90°, are dimmable and have a 50,000 lamp life.

Remodel, and *New Construction* versions are available for each **Edge-Lit Recessed Dome** model. *Flanged* and *Trimless* options are offered as well.
